OBJECTIVE

Seeking a full-time role in a dynamic environment that offers growth opportunities, competitive benefits, and the chance to contribute to a company's innovation and success.

PROFILE SUMMARY

I am a motivated MCA graduate with a strong willingness to learn and grow. I have completed projects using modern tools and technologies, including a full-stack Age and Gender Prediction Web App. I am comfortable working independently or in a team and have completed certifications in Blockchain, Scrum Master, and Computer Applications. I am looking for an opportunity where I can apply my skills, contribute to the team, and develop professionally.
